

I am writing to voice my disappointment in the FCC's recent decision to allow the Sinclair Broadcast Group to use the public airwaves for their own political corporate agenda.

The average citizen relies on such "news" to make informed decisions when choosing a president for the most powerful nation in the world. I understand that not all television served to us as news is fair and balanced, but your refusal to take action in this arrogant blatant attempt to sway a democracy I feel will only open the door to future misuse of our public airwaves. I don't look forward to the disastrous trend that you are allowing to begin.

Let this serve as an example for the need to strengthen our media ownership rules. Sinclair owns two stations in my hometown of Pittsburgh, Pennsylvania, WPGH Fox 53 and WCWB WB 22.
